Professional Summary

IT enthusiast specialized in Web/App Development with 4 years of professional experience building scalable, cross-platform web, mobile, and desktop applications, expertise in component-driven, data-driven interfaces. Known for leading frontend teams, making key architectural decisions, and consistently delivering high-performance, production-grade solutions.

Professional Experience

- **Senior UI developer at Neointeraction (Aug 2023 - Present)**
Worked for several clients like CSC Global, E-travelmate, etc. Worked on complex architecture like micro-frontends and multitenancy using React / React Native / Next on multiple projects.
- **Lead Frontend Developer at SMA (Jun 2021 – Aug 2023)**
Redesigned SMA's multiple portals like payroll, HR management, etc for web and mobile using micro-frontend (for web) and component driven Uis improving app speed and scalability.
- **Senior Frontend Developer at Datadecode.ai (Sep 2021 – Sep 2022 | Part Time)**
Worked on developing multiple React JS applications for a client Provenio.ai which is Australian based transportation company.
- **Full Stack Developer at Fiverr (Jan 2020 – Jan 2022 | Freelance)**
Completed 39+ orders with 10+ repeat clients, maintaining a 4.9/5 average rating as a freelance full-stack developer on Fiverr.

Skills

- **Frontend:** React.JS, Next.JS React Native, Electron, Redux, SASS, Caching Strategies, Micro-frontends, Multitenancy, SSR, PWA, Blockchain, UI/UX, Web Security.
- **Backend:** Node JS, Express, REST APIs, GraphQL, Mongo DB, PlanetScale, Prisma, Firebase, AWS, PostgreSQL.
- **Programming:** JavaScript, Typescript, Python, Solidity
- DevOps (GitHub, CI/CD Pipelines)
- AI tools (Chat GPT, GitHub Copilot, etc)
- Testing (Manual, AI based, familiar with Jest, etc)
- Cloud Platforms (AWS, Google, Azure)
- Operating Systems (Linux, Windows, MacOS)
- Design Tools (Figma, Canva)
- Business Development Skills and Management Skills

Education

Bachelors in Information Technology, Lovely Professional University, Punjab (2017 – 2021):

- Engineering Minor – Informatica
- Aggregate CGPA – 6.9

12th Grade (CBSE), Baldwin Academy, Patna, 2016:

- Stream – Science
- Percentage – 70%

10th Grade (CBSE), Baldwin Academy, Patna, 2014:

- CGPA – 8.0

Language Proficiency

English – READ | WRITE | SPEAK

Hindi – READ | WRITE | SPEAK

French – BASIC

Certifications

- The AI Engineer Course 2025 Bootcamp [Ongoing]
- Web Security, Bug Bounty & Penetration testing [Ongoing]
- Ethereum and Solidity [December 2021]
- Advanced CSS and SASS [August 2021]
- Complete React Native course [June 2021]
- Server side rendering with React [May 2021]
- Microfrontends with React [April 2021]
- Modern React with Redux. [March 2021]
- Complete Web Development Bootcamp [Dec – 2020]
- Digital Marketing [Aug – 2019]
- Marketing in a Digital World (Honors) [May – 2020]

Projects

- **CSC Global's Security Master module in React:**
A FinTech micro-frontend module with Role-Based Access Control (RBAC) and a data-driven user interface.
- **E-Travelmate app using React Native:**
Corporate cab service application with real-time navigation and multi-user to driver assignment, a cross-platform solution for Android and iOS.
- **SMA product redesign in React Js:**
Professional hiring platform, improved UI performance and scalability by implementing micro-frontends, modularizing apps, and enhancing UX.
- **Restaurant POS app using React/Electron:**
Multi-tenant architecture, dynamic admin control, developed with Firebase, Redux, SASS, React.js, and Electron.
- **Music App using React.JS:**
Built with JavaScript Audio API, Redux, and SASS.
- **Business portfolio website using Next.JS:**
Corporate site built using Next.js, SASS, Material UI, Firebase, and email.js.
- **Chat app using React.JS:**
Embeddable chat component developed with Firebase, Redux, SASS, and React.js.
- **Provenio.ai using React.JS:**
Developed multiple SaaS frontends for an Australian invoicing company; dynamic UI for various tenants.
- **NFT App using Next.JS:**
NFT showcase built using Next.js, Redux, SASS, and Firebase.
- **Full Stack Blogging Website using EJS templating:**
Three-page blog using EJS templating, Node.js, Express, and MongoDB backend.

Academic Achievements

Selected for and completed a semester abroad at IMT Lille Douai, France

- *Major: Automation of Industrial Process and Quality Management*
- *Only CSE/IT student Selected for this program*

Extra-Curricular

- **Brown Belt in Karate**
Under South-East Asia Seiyō No Shorin Kyū Karate Kabudo Kai Federation (in 2015), Rank – 4th, Attended various championships and competitions in karate
- **Music Production and Sound Engineering**
